

# CIRCULAR

**TYPE & NUMBER** ELEXON Circular – EL02792

**Date** 9 April 2018  
**To** BSC Parties  
**From** BSC Operations  
**Purpose** For information

## Default Data in Settlement following NHHDA issue affecting multiple Settlement Dates

UDMS Non Half Hourly Data Aggregator (NHHDA) has not submitted data for a number of Settlement Runs across a number of Settlement Dates. As a result, default data is being used by the Supplier Volume Allocation Agent (SVAA).

UDMS NHHDA will be submitting the missing data which is in place for the next available Settlement Run.

The following Settlement Dates and Settlement Run types are affected across all GSP Groups:

Run type	Settlement Date	Settlement Run type used for Default	Settlement Date used for Default
II	29/03/2018	II	28/03/18
II	30/03/2018	II	28/03/18
II	31/03/2018	II	28/03/18
II	01/04/2018	II	28/03/18
II	02/04/2018	II	25/03/18
R1	15/02/2018	SF	15/02/18
R2	11/12/2017	R1	11/12/17
R3	04/09/2017	R2	04/09/17
RF	15/02/2017	R3	15/02/17
SF	14/03/2018	II	14/03/18

Please be aware that affected Suppliers' Credit Cover Percentage may be impacted as a result of default data being used in the Actual Energy Indebtedness part of the credit calculation.
